AMENDMENT

Please amend this application as follows. A marked-up version of the claims is attached to this Amendment.

In The Claims

~~Please cancel claims 1-17 without prejudice or disclaimer.~~

18. (Amended) A sales system for coupling to a communications network, comprising:  
a first sales interface at a first network address, the first sales interface including a first set of user interface elements,  
a second sales interface at a second network address, the second sales interface including a second set of user interface elements,  
a sales server at a third network address that operates the first and second sales interfaces while providing an impression that they are being operated by different entities, wherein the sales server includes a customization interface responsive to user input to define the first and
